The image shows a tablet displaying a Google Form titled "STORY PROBLEMS". The form has a header with "Questions" and "Responses" tabs, and a "Total points: 10" indicator. Below the title is a section labeled "Numbers 50-99" with a "Form description" field. The form contains three multiple-choice questions, each with four options. The first question is about the total number of stickers Jenny and Julie have. The second question is about the number of cookies Chris has after giving some away. The third question is about the difference in the number of elephants and zebras at the San Diego Zoo.
