ABOUT LEXILE LEVELS

MagiCore Learning, LLC is a certified Lexile® Partner. Indicated texts are officially measured and approved by Lexile and MetaMetrics® to ensure appropriate rigor and differentiation for students.

The Lexile Framework® for Reading measures are scientific, quantitative text levels. When the Lexile of a text is measured, specific, measurable attributes of the text are considered, including, but not limited to, word frequency, sentence length, and text cohesion. These are difficult attributes for humans to evaluate, so a computer measures them.

Common Core State Standards uses Lexile level bands as one measure of text complexity. Text complexity ranges ensure students are college and career ready by the end of 12th grade. Lexile measures help educators scaffold and differentiate instruction as well as monitor reading growth.

Grade Band	Lexile® Bands Aligned to Common Core Expectations
K-1	N/A
2-3	420L-820L
4-5	740L-1010L
6-8	1185L-1385L

Keep in mind when using any leveled text that many students will need scaffolding and support to reach text at the high end of their grade band. According to Appendix A of the Common Core Standards, “It is important to recognize that scaffolding often is entirely appropriate. The expectation that scaffolding will occur with particularly challenging texts is built into the Standards’ grade-by-grade text complexity expectations, for example. The general movement, however, should be toward decreasing scaffolding and increasing independence both within and across the text complexity bands defined in the Standards.”

Birthday Party Upset

It was just an average day at school. Mrs. Beckett's second graders entered their classroom with their usual enthusiastic chatter. Joy sat down at her desk and began her morning work. Joy was a good student who always completed her assignments and paid attention to her teacher.

Suddenly, Joy noticed that the chatter in the classroom had gotten louder, so she glanced up from her work. She observed a girl in her class named Sara passing out envelopes to some of the girls. The girls opened the envelopes in anticipation. Joy felt her heart sink. What was in the envelopes that Sara was passing out, and why didn't she receive one?

That afternoon at recess Joy's best friends Sasha and Kayla asked Joy if she was going to Sara's party. Joy gave the girls a confused look and replied forlornly, "I didn't get an invitation."

"Sasha replied, 'I passed them out this morning,' stated Joy felt very left out. It seemed like all of her friends were invited to Sara's party except her. She went home and sulked."
